

Big Benefits. Small Cost.

D&P Maximum Advantage® allows members to keep more of their benefits by excluding charges for diagnostic and preventive services from the annual maximum, helping them get more from their dental benefits.

Stretch benefits further with D&P Maximum Advantage® ...

Waives the cost of annual exams, cleanings, and x-rays from the annual maximum.

You can improve the overall health of your employees by encouraging them to get a routine dental exam twice a year. Routine exams help prevent a multitude of health issues and illnesses because routine dental exams can detect the first warning signs for 90% of all systemic diseases, including heart disease, diabetes, and even cancer.

Saves the annual maximum for times when more costly procedures are necessary.

You can make these plans available to your employees at a cost-savings compared to individual plans and at no cost to you! Your Delta Dental plan can be 100% voluntary and fully-insured.

Promotes better oral health by encouraging members to receive diagnostic and preventive services.

More than 164 million work hours are lost each year due to oral disease. Put a dent in that number and help your employees make the smartest investment in their health with an affordable dental plan from Delta Dental of Tennessee.

Nominal cost to add this feature to your Delta Dental plan.
