

# Dot your eyes and floss your teeth.

Delta Dental of Tennessee's  
Individual & Family Plans

Now offering DeltaVision®.

[DeltaDentalTN.com](https://www.DeltaDentalTN.com)

  
[@DeltaDentalTN](https://www.instagram.com/DeltaDentalTN)

More than 90 percent of all systemic diseases, including diabetes, leukemia, and heart disease, have oral characteristics that can be detected during a routine dental exam.

## Network Access

**Delta Dental is the leading dental benefits carrier in the United States**, providing unparalleled expertise and a host of additional oral health resources.

Save on having services provided by in-network dentists.

**Access Delta Dental PPO™ network nationwide.**

This is access to our greatest discounts available at more than 74 percent of dental offices in Tennessee. With more than 113,000 dentists nationwide, our network probably includes your dentist.<sup>2</sup> You also have access to care when traveling through our national networks.

Each in-network dentist goes through a credentialing process to ensure they meet Delta Dental's high standards.

**No waiting periods or deductibles for preventive care.**

And, all other service benefits increase after the first year.

**Online account management.**

See your available benefits online, any time, using our secure **Member Portal** or the **Delta Dental mobile app**.

## Save Money

**Delta Dental of Tennessee's Individual & Family Plans cover your annual preventive care — 100%.** This means there is no out-of-pocket cost when visiting a Delta Dental PPO dentist for your annual exams and cleanings.

You also have the advantage of our negotiated rates with network dentists. The **fees charged by in-network dentists are pre-established** by Delta Dental, meaning less out-of-pocket costs for you.

**Your annual benefits grow.**

With continued enrollment, your annual maximum benefit increases after the first year!

For 6.5 million people in the U.S. with intellectual or developmental disabilities, oral health care can be inaccessible or overwhelming. Delta Dental is changing that.

## Reducing Barriers To Care

The leading unmet health care need for millions of U.S. children and adults with a disability is adequate dental care, so Delta Dental of Tennessee is offering a Special Health Care Need Benefit to eligible members beginning January 1, 2024.

### What is included in the benefit?

- **Additional visits to the dentist's office** — this may include or be in addition to consultations that can be helpful prior to first treatment to help patients learn what to expect and what is needed for a successful dental appointment.
- **Up to four total dental cleanings in a benefit year**
- **Treatment delivery modifications** — any accommodations necessary for dental staff to provide oral health care for patients with sensory sensitivities, behavioral challenges, severe anxiety, or other barriers to treatment, including the use of anesthesia.

### How do I/my spouse/my dependent use this benefit?

Members with a qualifying special health care need should let their dentist know that their Delta Dental plan may include the Special Health Care Needs Benefit and that they have a qualifying special health care need.

To help your dentist better understand the benefit and how to bill Delta Dental for services provided, we suggest you take the "Special Health Care Needs Benefit Provider Instructions" flyer with you to your next visit. You can find the flyer at

[DeltaDentalTN.com/SpecialNeeds](https://DeltaDentalTN.com/SpecialNeeds) or by scanning the QR code above.

## When Your Benefits Start

**Enjoy your benefits after your effective date** — the first day of the month following receipt of application, \$25 application fee, and initial premium if received on or before the 15<sup>th</sup> of the month. If received after the 15<sup>th</sup>, effective date will be the first day of the following month.

**NOTE:** *Certain limitations apply. See the Schedule of Benefits for complete details.*

<sup>2</sup>Delta Dental PPO participating network count, October 2023

# Did you know?

People with good oral and vision health are more likely to report good overall health.

## Good health starts with regular visits to your dental and vision care providers

**Brain** • Periodontal disease may increase the risk of stroke. Research has shown that harmful bacteria in the mouth can make a person susceptible to blood clots, increasing the risk for stroke. Also, tumors can cause swelling of the brain. A doctor can detect changes to the optic nerve caused by that swelling before it becomes dangerous.

**Heart** • Inflammation of blood vessels at the back of the eye can be a sign of potential high blood pressure, and high cholesterol is often diagnosed first by an eye care provider. Also, periodontal disease may increase the risk of cardiovascular disease and fatal heart attacks. In fact, those suffering from gum disease are almost twice as likely to suffer from heart disease as those with healthy gums.

**Pancreas** • Blood at the back of the eyes is one of the first indicators of diabetes. During an eye exam, diabetes is often detected well before someone would have had a blood test to check for the same problem. Diabetics are also at greater risk for periodontal disease. Periodontal disease may disrupt the control of blood sugars, which can increase the likelihood of serious complications such as heart and lung disease.

**Kidneys and joints** • Autoimmune diseases like rheumatoid arthritis can cause inflammation in the joints and the eyes. Inflammation of organs like the kidneys can result from bacteria that enter the body through the mouth. With poor oral and vision care, infections can progress faster and lead to a higher risk of kidney disease.

**Our providers deliver quality care that focuses on your health and overall wellness.**

**Delta Dental of Tennessee's Individual & Family Plans** are designed to help maintain good oral health while also balancing your budget. Now, as part of Delta Dental's premium plans, you can add DeltaVision® in partnership with VSP® to your coverage. We've designed these plans to meet a variety of needs and budgets. See which one is best for you:

▶ **Essential Advantage®**

- All plans cover preventive and diagnostic treatments at 100% when visiting a dentist in our Delta Dental PPO network (coverage is 80% when visiting a dentist not in the network).
- Other levels of treatments are covered at lower co-pay amounts, starting at 25%<sup>†</sup> in the first year and building to 80%<sup>†</sup> in year 3.

▶ **Superior Advantage®**

- A higher level of protection with higher co-pays for more treatments. Best of all, the annual maximum increases over your enrollment period, up to \$1,500 in year 4.

▶ **Brighter Advantage®**

- The most coverage for treatments plus cosmetic benefits — for just a few dollars more, receive benefits such as whitening, veneers, and even orthodontia!

**Introducing DeltaVision®** Delta Dental of Tennessee has partnered with vision powerhouse VSP to provide DeltaVision®. Now you can enjoy the benefits of comprehensive vision care by adding DeltaVision® to your dental plan in one convenient place. DeltaVision® offers the same quality coverage, exceptional service, and unparalleled networks you've come to expect from Delta Dental, making it an easy addition to your healthcare network.

---

**Who is eligible?** Membership is open to all Tennessee adult residents and their dependents. If you have been covered by a Delta Dental of Tennessee individual policy and drop your coverage, you cannot re-enroll for 12 months.

**Dental AND Vision?  
You've got yourself a deal.**

Visit [DeltaDentalTN.com](http://DeltaDentalTN.com)

Call 1-855-844-0445

<sup>†</sup>This is the co-pay amount when you visit an in-network dentist.  
The amount you pay may be more when visiting non-network dentists.
