

Preventive Advantage[®] Plan

Improve Health, Increase Annual Max

This dental plan increases the annual maximum benefits and reduces out-of-pocket expenses for your client's employees.

Each calendar year that an employee receives a preventive procedure (i.e. cleaning), they could earn a \$100 increase toward the next year's annual maximum, up to an annual maximum of \$2,500.

With the flexibility of starting with a lower annual maximum, employees could be given the option to earn up to \$500.
