A Focus on Prevention

Dentists can detect more than 120 signs and symptoms of diseases like cancer, diabetes, and heart disease during a regular exam. Delta Dental emphasizes the importance of regular check-ups with your dentist, covering those preventive services at 100 percent.

The Power of Two Networks

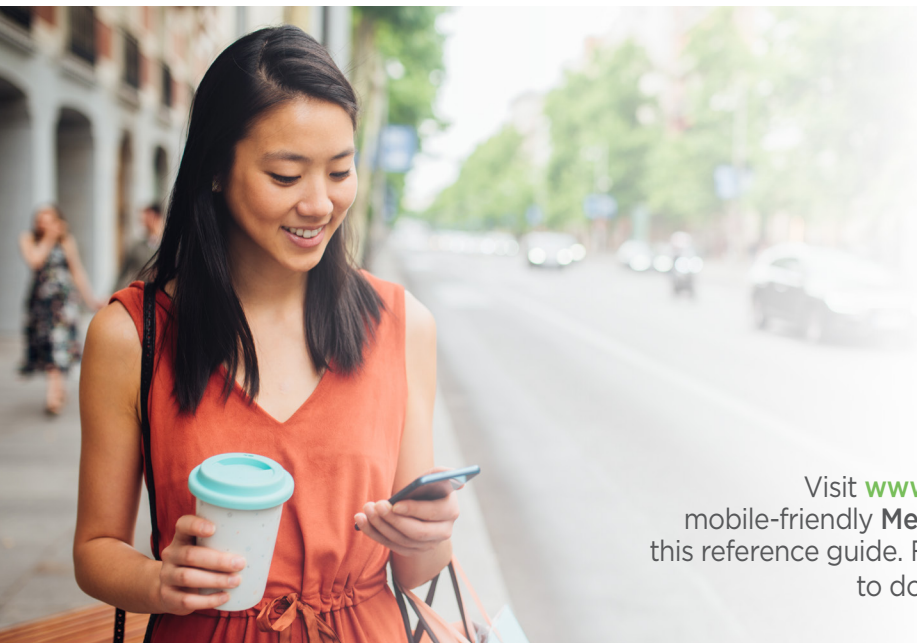

Delta Dental offers two dentist networks to help cover your smile while keeping costs as low as possible. The Delta Dental PPOSM Network provides maximum cost savings, while the Delta Dental Premier[®] Network provides a safety net for additional access when you need it.

No Surprises!

Want to know how much a procedure will cost? Want to make sure a service is covered under your plan? Ask your dentist for a **Pre-Treatment Estimate**.

Your dentist will send a request to us, and we will let him or her know if a service is covered, how much it may cost, and what you may have to pay. These amounts will not be exact, but they will give you a good idea of what to expect.

Keep it simple.

Choose a Network Dentist.

- ▶ **No paperwork!** Your dentist fills out all forms and files claims for you.
- ▶ **No extra charges!** You are only responsible for your deductible and/or co-insurance charges.
- ▶ **No Balance Billing!** You never have to pay more than our Maximum Allowed Fees for services.
- ▶ **No waiting for reimbursement!** You never have to pay full price at the time of a dental visit.
